Gavin Woodford

Extensive experience in lighting and controls, managing high-profile projects and driving growth through marketing and sales expertise.

The Ledscape range offers a wide selection of durable, high-quality exterior luminaires for architectural applications, including street, bollard, wall, and urban lighting. All products meet Australian and New Zealand standards. Explore our catalogue at www.lightingconsortium.com.au.

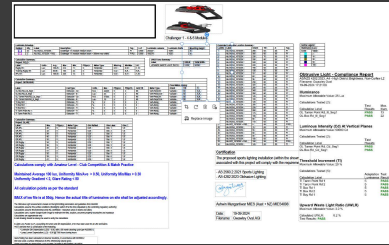

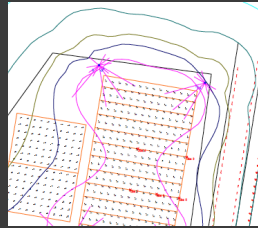

The Lighting Consortium offers a robust selection of solar products, from post tops and bollards to office furniture, all tailored to endure the Australian environment. The product range spans from basic operating systems to advanced setups, ensuring both simplicity and sophistication depending on the project's needs.

Area, Industrial, and Sports Lighting

At Lighting Consortium, we provide a comprehensive selection of industrial, area, and sports lighting solutions, complemented by a variety of ancillary equipment, including poles, head frames, and installation accessories. Whether you need a basic area floodlight or a sophisticated solution for a high-end stadium project, we have the right products to meet your requirements.

Our extensive range is designed to ensure optimal performance and efficiency in various applications, providing reliable illumination for industrial environments, public spaces, and sporting facilities. Our expert team is committed to helping you find the perfect lighting solutions tailored to your specific needs

Special Projects / OEM Supply

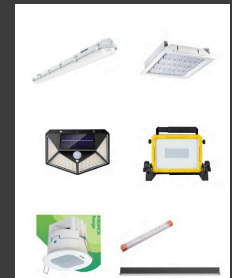

At Lighting Consortium, we go beyond being a typical lighting supply company; we specialize in manufacturing bespoke luminaires for custom projects. Our deep understanding of Australian standards enables us to collaborate effectively on designs and specifications tailored to your specific needs.

We excel in providing a comprehensive range of lighting solutions suited for both projects and OEM brands. Our commitment to excellence is evident through strategic partnerships with leading global lighting suppliers and our state-of-the-art manufacturing facilities. This synergy guarantees that you receive top-quality products that offer exceptional value.

Our extensive product range caters to various applications, from large-scale commercial endeavors to unique OEM requirements. We meticulously ensure that all our products comply with local standards and regulations, providing reliability and safety in every installation.

Based in Australia, our experienced team is dedicated to delivering superior support and service. We pride ourselves on offering personalized solutions and expert advice tailored to meet the distinct needs of each client. Whether you're managing a major project or seeking high-quality OEM lighting solutions, Lighting Consortium is equipped to assist you throughout the entire process.

From the initial consultation to final delivery, we are committed to providing the highest level of service, ensuring your lighting needs are met with precision and care. Partner with us to leverage our industry expertise, robust supply chain, and unwavering commitment to quality.
